**We have an ambitious plan to train 1 lac doctors of all streams of medicine. Our trust is planning CERTIFICATE COURSE in acupressure for all Doctors + Medicos.**

**3. A certificate course with home study and 4 days contact classes or TV channel classes.**

**4. In this connection, I tried to meet the Vice Chancellor of University of Health Sciences, Govt. of Telangana, Warangal. In the meanwhile, I accidentally met the Vice Principal, one Dr.Chandra Sekhar and he has an open mind with a progressive mindset. He arranged a seminar for medicos and on feedback from medicos, he vindicated the efficacy of acupressure for instant diagnosis of any disease. He issued a letter of appreciation. Acupressure diagnosis can not only save doctor's time but also patient's money.**

**"CERTIFICATE"**

This is to certify that Dr.Dhananjaya Bhupathi, MD [Acupressure] conducted Acupressure Seminar on 21<sup>st</sup> Jan,2015 in our College premises. Most doctors are unaware of efficacy of Alternative Medicine adopted by our predecessors.

With the aid of Acupressure Techniques "border line Diabetes, Hypothyroid, Lumbar pain, Sciatica pain, ophthalmic problems" were diagnosed accurately and the affected organs were also identified. It helps to suggest minimum & accurate diagnostic procedure to confirm.

Solar Plexus displacement, the root cause of all diseases, was rectified and a case of Lumbar pain was given perceivable relief with Acupressure.

If all the medical practitioners learn & include acupressure in their diagnosis, the diagnosis shall be accurate saving time for the doctor & money for the patient with correct medication. This minimizes scope for side effects.

Dr.Dhananjaya Bhupathi has excellent communication skills to teach acupressure techniques with ease. We wish him all the best in his endeavor to teach acupressure techniques to all the medical practitioners & medicos.

DEMAND FOR MEDICAL SERVICES: In a country like India, we have 125 crore population, i.e., 25 crore families @ 5 members on an average. Every family has a minimum of 1 patient, that means we have 25 crore patients. Entire funds of IMF/World Bank are insufficient to meet costs of medical facilities in India. Further. rare diseases [genetic disorders, Thalassaemia, muscular dystrophy, autism, etc., ] are rampant in India. We have 10 million juvenile patients with 'no cure' and about 40% die young.

In the newly formed state of Telangana:

1. **Population:** 4.50 crores.
2. **No. Of Families:** 90 lacs @ 5 members in a family.
3. **No. of Unemployed:** 20 lacs and mostly qualified.
4. **No. of Patients per family:** Minimum 1 patient in each family.
5. **Estimated Patients:** 1 crore.
6. In Hyderabad city, we have about 1 crore population. 20 lac families=20 lac patients.
7. **Historical Reality:** No. of RMPs/PMPs/Theraputists in Telangana (Manufacturing hubs to produce Allopathy specialists/super specialists & other qualified doctors): 50,000.

On other side, we have qualified MBBS doctors under-employed. More so in respect of Ayurveda, Unani, Siddha and Physiotherapy doctors are either roaming on roads or working for paltry sums of Rs.5000/= or more. An MBBS graduate is paid Rs.12000/= per month, in a Private Hospital/Nursing Home. EAMCET rank holders, who could not get admission in Medicine due to dearth of money or competitive edge can as well join the course. Any hard working boy/girl with a minimum qualification of Intermediate can join the course and be "his/her own doctor" to take care of their families and friends.

**Practical REMEDY:** AYUSH CLINICS JUST WITH AN INVESTMENT OF INR.5000/= to 30,000/=.

**Advantages of Training in Acupressure & Ayurveda: Instant Diagnosis of any disease, identification of affected organ[s] and cure by USFDA approved Ayurveda Medicine and or Kashayams suggested by Dr.Elchuri Venkat Rao, an Authority on Ayurveda with time tested medicines.**

1. Why should all medicos learn acupressure? Their curriculum is very tight & no time? [i]. "Where there is a will, there is a way". When NRI medicos from US, UK & Australia, etc., [with the toughest syllabus + curriculum] find time to work part-time for sustenance and tuition fee obligations, why can't Indian Medicos spare just an hour a day for a month?. I saw many NRI medicos working as part time porters @ US airports & other jobs @ restaurants, malls, etc. Now, they own big hospitals there at. The most talented Indian medicos with genius mind sets, can as well put up practice after training. To spare an hour or two every day is sufficient.

[ii]. Every medico can come out of college with 100% gained self-confidence with assured income.

2. **ACUPRESSURE TECHNIQUES:** NO MEDICATION. NO SIDE EFFECTS. NO HOSPITALIZATION. NO COSTS. IT IS SAFE ALSO. The best remedy for hormonal imbalance. It acts as a 'pacemaker' to activate and support a weak heart also. Any disease is diagnosable and all the affected organ(s) are identified subject to confirmation by allopathic investigative procedures. Even in emergencies, Acupressure is reliable to rescue a patient with acute problem[s].
3. **CURE:** Many Diseases, hitherto, dealt with by the Specialists & Super Specialists cited below ----are not only diagnosable, but also curable. by doctors & Medicos after training in Acupressure & Ayurveda.  
Diabetology, Dermatology, Neurology, Hematology, Oncology, General Medicine, Endocrinology, Allergy, Pulmonologist, Genetically affected Disorders, Orthopedics, , Pediatrics, Geriatrics, Nephrology, Hepatology, Gynaecology, genetically transmitted diseases, rare incurable diseases, etc.

#### 4. **CURABLE DISEASES:**

All the medicines are manufactured by the century old, research-oriented Ms.Sree Baidyanath Ayurveda Manufacturing Company, Allahabad. Patented Ayurveda Food & Nutrition Supplements manufactured in India and USA, approved by USFDA, KOSHER, HALAL, GMP, ISO ETC., and made available at Stores in your vicinity in 40 countries all over the globe. No Side Effects. No Diet restrictions. The capsules made of starch, are bit costly, but easy to swallow and no scope for bitter taste. Available @Warangal, Adilabad & Hyderabad, etc. We published recorded documentation of successfully cured cases elsewhere in the website.

5. Exposure to Dr.Elchuri Venkat Rao, Karmayogi & an adjudged authority on Ayurveda visited Rishis/Saints in forests for 2 decades, identified & collected various Ayurveda herbs, cured several cases cited and made recorded documentation and has been publishing in his monthly magazine 'ANDARIKI AYURVEDAM'. Most of the medicines are cheapest in the world, but are quite bitter in taste. No side effects. Dr.Elchuri's programmes are beamed through MAA TV daily.
6. Tailor-made clinics\*\*\*are planned ranging from an investment of Rs.5000-15000-30000 on the basis of "No Profit/No Loss". Even a medico (Ayurveda, Allopathy, Homoeopathy, Nature Cure, Unani, Physiotherapy, Siddha, etc.,) can start a clinic with an investment of Rs.5000/= right @ his/her home. When NRI Medicos are working to indulge in self-finance, why can't Indian Medicos follow suit? Just spending a couple of hours a day is sufficient!

### AYUSH Clinics

Target group is the poor, lower middle class and upper middle class numbering one crore patients in the state of Telangana with population of 4.5 crores. Those boys and girls with secured EAMCET ranks, who could not get Medical admissions due to dearth of money or merit may also join. Any unemployed graduate and under graduate with a strong zeal to work hard and eke out his/her own livelihood with honour and dignity.

In order to render affordable medical aid to masses and ensure full self-employment to the youth. Our Non-profit charitable trust '**SAIOAM**' planned "**clinics**" in hamlets, villages, towns and cities all over Telangana & AP with the following Budget (Rs.5000-30000). The aim of our trust is to train up 1 lac graduates with self employment to cure/treat 1 crore patients in the state of Telangana/Andhra Pradesh and render perceivable relief.
